March 19, 2020

Dear Client,

We know that there's widespread concern in our community about the Coronavirus Disease 2019 (COVID-19), and we want you to know that your health is our top priority at Remember You, LLC.

With the increasing uncertainty and growing number of infected individuals around the world, we encourage you to take responsibility for yourself and your family. Though the risk remains low, it's important to take a proactive approach to minimize exposure.

- If you're exhibiting symptoms of respiratory illness, I urge you to stay home, take care of yourself, and seek medical help when appropriate.

**Currently, you can schedule a video session instead of an in-office appointment.** This will allow us to continue our sessions through a secure video link. If this is an option for you, please let me know, and I'll make the necessary arrangements.

Please refer to the [CDC's dedicated 2019-ncov](#) website for additional information, and maintain awareness by checking the official communications from the [Centers for Disease Control](#) and [World Health Organization](#).

If you have any questions, please let me know.

Warm Regards,  
Shani Topolosky, LISW-S
